THE VILLA

CASA GRANDE

The entrance to Villa Casagrande overlooks the large piazza of Cison di Valmarino. The large doors and shutters overlook a beautiful mountain range that rises behind the village.

The villa has an elegant walled garden, manicured lawns, an orchard and a huge chestnut tree. Here you can enjoy a dip in the pool with a beautiful view of the Dolomites in the background. You can also enjoy lunch or an al fresco dinner in the garden.

AN AREA OF OUTSTANDING NATURAL
BEAUTY IN THE NORTH EAST OF ITALY.

The reception rooms in the villa still have the beautiful original frescoes on the ceiling and offer an ideal place to enjoy an aperitif before dinner. Breakfast and dinner are usually served in the dining room, a marbled oval table forming a sumptuous centerpiece of the space.

Cooking classes are held in the modern kitchen - a large and airy space with stone floors, oak-beamed ceilings and a fireplace. The kitchen overlooks a beautiful walled garden.
